CAMERON, MILAM COUNTY, TEXAS. THURSDAY NOVEMBER 22, 1956

NUMBER 34

FFA Teams Meet For Leadership

Annual FFA District Leadership Contests were held at the Vocational Building at Yoe High School in Cameron Tuesday afternoon, November 20.

FFA teams from Yoe High placed in five of the six contests. They were second in Senior Chapter Conducting, third in both Senior Farm Skill and in Farm Radio, fifth in the FFA Quiz and sixth in the Junior Chapter Conducting.

Buckholts FFA teams were third in Junior Farm Skill, fifth in Farm Radio and sixth in Senior Farm Skill. FFA teams from Rockdale High School were third in each of the junior and Senior Chapter Conducting, fifth in Senior Farm Skill and seventh in the FFA Quiz.

Eighteen of the 22 schools in the FFA District No. 1 had teams participating. Approximately 290 boys were included in the six different contests. First and second place teams in each contest will represent the district in an area contest. This contest will be held Saturday, November 24, in Brenham at Blinn College.

Cameron will have one team participating in the area contests. That one will be in the Senior Chapter Conducting.

Xmas Bazaar

A Bazaar will be held from 10 a.m. to 6 p.m. Saturday, December 1, at the First Christian Church.

Lovely handmade gifts, home Christmas decorations, pies, cakes and candy will be sold. Lunch will also be served and will consist of chili, hot dogs, pie and coffee.

City Water Rates To Be Hiked With Sale Of Improvement Bonds

Water and sewer improvement bonds in the amount of \$375,000 will be advertised for sale on January 15 according to decision of the city council Tuesday night in regular session.

Accordingly the water bill of Mr. and Mrs. Cameron will be hiked on the first billing thereafter or February 1. It was pointed out that interest starts on bonds the day they are sold.

An application seeking a 30 percent government grant toward construction of the Cameron Sewage disposal plant was read by a representative of the Joe J. Rady Company representative. He commented that Cameron has every reason to expect the grant of an approximate \$56,400 based on 30 percent of the total cost of the project. Work on the disposal plant, according to the engineer's report will begin within four months after receipt of the money

Test Holes For Filter Plant Foundation Dug

Three test holes to determine the depth of blue shale in the location of the filtration plant have been contracted for at \$100 per hole with H. O. Witt receiving the contract.

One and seven tenths acres of new property has been purchased from Edgar Plummer now of Caldwell with Lone Star Gas Company. The new property adjoins 2.5 acres of city owned property and affords a sufficiently large site within 2,700 feet of the river. The new parcel of land is known as the old John Crawford homeplace and was purchased for \$6,500.

A soils expert was scheduled to come to Cameron with Engineer Joe Rady to determine the subsurface structure and determine its fitness for a foundation for the new filtration plant.

410-Gage Shotgun Lays Snakes Low On Little Elm Clifford Ray Joshlin, an O. J. Thomas student, had a display of an 11 and a 12 rattler snake in the office Monday. The reptiles were very dead having been slain with a .410 gage shotgun on the banks of Elm Creek sometime that morning.

The unusualness of the kill was the fact that snakes are generally considered to have gone into hibernation by this time of each year.

Pictures of the boy and his snakes were made and will be in The Herald next week.

Bad Breaks, Luck Stop Yoemen Win Friday

Rinn Loose Again

Warren (better known in Yoe High Circles as Quincy) Rinn tucks the oval-shaped pigskin under his arm and crosses the right side of the Trojans line for a 14-yard line gain in midfield. This play was in the early portion of the third quarter. Then late in the third quarter on an idyllic play with Ray Green, No. 83, making the key block removing the only threat, Rinn went 39 yards for Cameron's only touchdown.

Parachute Jumps Set For Sunday

Two parachute jumps were made about mid-afternoon Sunday, November 18, at Rogers Air Field in Cameron by a parachute jumper from Fort Hood. Plans have been made by field officials for additional jumps during the afternoon of Sunday, November 25.

Jumps were made from a Taylorcraft Trainer plane. Pilot of the plane for the first jump was Rev. Cox while for the second jump, Harry (Sonny) Rogers, III, was at the controls. There will be no charge for admission to the runway apron next Sunday for those wishing to observe the jumping.

Harry Rogers, operator of the air field here, also announced the landing of a twin engine plane at the local field on Tuesday, November 20. The plane is owned and operated by the Walled Lake Door Company.

Freight Rate Reductions Available To Stock Feeders

Quarterback Club Sets Banquet Date

Members of the Downtown Quarterback Club set up committees for their annual football banquet to be held on December 17. Charlie Burke was made chairman of the committee with Henry Siebman, Lewis McKee and Albert Collins as committeemen.

Head Quarterbacker Bob Nelson is charged with obtaining a speaker for the occasion and from indications he has set out with a determination of getting a top-notch man for the occasion.

Announcement of plans will be in See Quarterback - Back Page

County Auto Dealers Banding Together For Better Service

Jerry Schiller, Cameron Dodge-Plymouth dealer, will devote his full time one day of the week starting Friday, November 23, to head a membership drive among factory authorized new car and truck dealers.

Chairman for Milam County units of the National Automobile Dealers Association and the Texas Automotive Dealers Association, Schiller is an active leader in dealer association affairs. Basic purpose of these two associations is to serve the public

through making available to them reputable and responsible authorized retail automotive transportation outlets standing behind their products and service work.

4-H Programs

Many special radio and television programs originating in Chicago during National 4-H Club Congress, November 25-29, will feature 4-H club members, some perhaps from Texas. Watch listings for time and stations.

Governor Allan Shivers has notified Milam County Judge Charles C. Smith, Jr., that he has delegated to Judge Smith, by reason of the fact that Milam County was previously designated a major drought disaster area, the authority to approve applications in behalf of purchasers of hay and roughage for freight rate reduction.

Ladies' Group Sets Party Date

Cameron Home Demonstration Club held its regular meeting Tuesday afternoon with Mrs. Frank Richter, Sr., as hostess to the members.

Those attending made tiered trays and drew up plans for the club's Christmas party. The party will be held on Wednesday, December 19.

Two visitors attended the meeting. There were 15 members present.

Refreshments served included Angel fruit cake, jello topped with whipped cream, cakes and coffee.

The Wee Hours By Your Police Reporter

It was a cold night last week. The Cameron police were picking up the exchange of messages between patrol cars and radio relay stations. Messages giving locations of a hit-and-run driver and chasing police cars.

Chase of the traffic violator began in a city south of Cameron. The prey sought by police continued to be quite illusive. According to the radio, the hunted would enter a town or city and get lost in the traffic. City radio cars would enter the search and again the hunted would be routed with city officers joining in the chase until they were out of their jurisdiction. Then again the Highway Patrolmen were chasing the speedster alone.

Radio calls posted other patrolmen at intersecting highways. Still the hunted somehow got through the roadblocks and sped through the night.

About two hours after the chase got underway and 150 miles or more from the starting point, the Highway Police finally apprehended their man.

In the warm police station here in Cameron, Night Chief Brandenburg gave a sign of relief and said, "It was a hard chase but we finally caught' em."

University Trojans Squeeze Victory From 9-AAA's Best

Eleven Yoemen last Friday night fought a hard battle but four fumbles turned the tide against them as University High Trojans luckily captured the game by a 14-7 score and the District 9 AAA championship for 1956.

Neither side scored during the first half. Most of the play in the two initial periods was played in the midfield sector. Yoemen offensive work was brilliantly performed as they completed all of the three passes attempted for an aerial gain of 55 yards. Their ground plays were equally good

but a series of fumbles and a line penetration by Trojan linemen throwing Bobby Elliott for a 12-yard loss in the third quarter prevented much ground gain.

Yoemen were forced to kick out of danger on fourth downs only three times during the entire game, two of these being in the first half. Jesse Kirk, punter for the hometown, performed his best in this department of any time during the year. His average for the three tries was 39 yards.

Cameron's eleven were consistent with their season's actions as they picked up their TD and extra point in the second half. Their tally came midway in the third quarter on the heels of the Trojans' first score. The Yoe touchdown is to the credit of Warren (Quincy) Rinn, who took a hand-off from Yoe Quarterback Bobby Elliott and went around his right tackle for a scoring run of 39 yards. Right End Ray Green preceded him down the field throwing the key block of the play and knocking out of position the only two Trojan potential tacklers between Rinn and the goal.

Fullback Guy Dillon plunged through the center of the line in a try for the extra point with the ball being over by inches. However, the play was called back with a penalty against the Yoemen for having the backfield in motion. On the next try, Dillon booted the ball between the uprights for the additional point.

Both linemen and backfield men on the Yoe team were seemingly psychic in their defensive. No matter what route was taken by Trojan runners, there seemingly was always one to six Yoemen on hand to stop him. Five of the six Trojan passes were broken up by alert and swift action on the part of the Yoe secondary.

Two occasions Lady Luck smiled upon the Trojans when they gained possession of the ball and wrangled it over for touchdowns. The first came with only three minutes and 57 seconds remaining in the third quarter. Trojan Left Halfback George Jurecka ran the tally over right tackle from 11 yards out. Robert Segrest's kick was good for the extra point. Their final score was picked up with less than two minutes left in the game. For this tally See Football - Back Page

Final Home Game Nets Yoe \$370

Gross receipts at the final home game of the season was \$937.15 reports Superintendent of Schools, Wiley Loughmiller.

Expenses for the visitors are paid at the rate of \$1 per mile for the round-trip. In the case of University High of Waco this amounted to \$108. Officials were paid \$88.80. This left a fifty-fifty divisible net to the two schools of \$740.35.

Net to Cameron was \$370.17 and to the visitors the same amount plus a district championship.

Harry Hinton's Funeral Held

Harry Hinton, 30, of Houston died Tuesday, November 13, at a Refugio Hospital following an automobile accident. Funeral services were held at 10 a.m. Thursday, November 15, from Mark Burns Funeral Home Chapel. Rev. Aubrey Russell officiated. Burial was in Oak Hill Cemetery.

Born April 4, 1926, at Lubbock, Texas, Hinton was a former resident of Cameron. He graduated from Yoe High School and was a veteran of World War II. He had several relatives still living in Cameron.

Survivors include his widow, Mrs. Billie Hinton of Houston; mother, Mrs. Estelle Hinton of Houston, and a sister, Mrs. Jane Larson of Houston.

North Milam United Fund Drive Set For Dec. 3-14

North Milam County's United Fund is a voluntary, non-profit organization with the purpose of combining several annual "drives" for money into one and thus benefit the entire community, save time and effort and decrease the cost of money raising to less than six percent.

This statement came out of a meeting of the board of directors of the newly formed NMCUF of which Wiley Loughmiller, superintendent of schools, is president.

December 3 through December 14 are the dates set in this area for the United Fund Drive which seeks to raise a budget of \$13,634 on behalf of the people who are thus permitted to give what they will to aid nine causes the United Fund way in one drive.

Boy Scouts have been allotted by the budget committee \$2,800; Girl Scouts, \$1,000; Salvation Army, \$1,200; Red Cross, \$4,000; Heart Fund, \$200; Cancer Fund, \$300; Library Fund, \$1,834; Local Charities, \$1,500 and for annual operational expense fund \$800.

The board of directors suggest in a brochure being prepared for the campaign a yardstick for giving which they deem is fair to all. "Other communities across the nation have found the following method to be fairest to everyone when deciding how much each individual should give to his United Fund," the brochure reads.

1. Salaried people give at least one day's pay.
2. Self-employed people, and

those with independent incomes, give at least one percent of GROSS INCOME.

The UF committee asks that all remember that this one contribution is to satisfy nine community needs for an entire year.

Those leading and directing the North Milam County United Fund are Wiley Loughmiller, president; W. C. Wallace, first vice president; Mildred Thornton, secretary and Hilliard Thomas, treasurer.

The Board of Directors are Drayton McLane, campaign chairman, Ed Laywell, Mrs. A. Bowling, Mrs. W. A. L. Robinson, Charlie Burke, Henry Siebman, Jimmie Asher, E. O. Schiller, Jr., Rev. Ernest Davis, Mrs. Gerry Switzer, Mrs. Carroll Green, Lester Williams, Natalie Bynum, Al-

bert McCullin, E. A. Perrin, Mrs. O. B. Harden, Rev. John Solomon, Mrs. Lester Williams, Narvie Caperton.

Besides relieving the citizenry of being called on for each of the individual pleas for assistance, the U. F. way has been described as a means of relieving many of our citizens of the time and effort required—away from their work—to conduct "drives."

The United Fund of North Milam County was organized this year after a detailed study of the local situation, and following endorsement of the idea by practically every civic, fraternal, patriotic, religious, business and other organization in the towns of the northern part of the county.

Two-Dollar Bills Galore

Have you seen two dollar bills in Cameron during the past week? If so, it is not due to the release of the currency by a Milam County collector. It is part of a plan by the Cameron Chamber of Commerce to impress upon business men in the city of the part which an industry plays in supporting thriving cities. The bills were used exclusively in making the payroll last Friday, November 16, at Walled Lake Door Company. Local grocers, clothing store operators, cafes, garages and others report receiving numerous \$2 bills as a result. Exact figures on distribution of the payroll will be released at an early date by the Cameron Chamber of Commerce. Chamber of Commerce Office Manager, Mrs. Gerry Switzer is shown above presenting James H. Menard of the company with his salary as Walled Lake Door Company Day Chairman Bill Burns of the chamber looks on. Plant Superintendent John Gay was complimented by Chamber of Commerce officials for his cooperation in the plan.

Editorials...

Have An Idea...

Requested letters to the editor concerning needed projects and items for Cameron have been received but numerous more are wanted.

Those submitting their ideas thus far seem to do so not so much with the thought of the \$5 they may win as much as with the thought of what they sincerely believe would be of benefit to Cameron and the residents herein. Letters received by The Herald already indicate the greatest need is for more and additional industries.

None as yet has recommended construction of county, municipal or civic structures. One has suggested the building of housing projects and improvement of certain buildings, residences and clearing of vacant lots.

Should you have an idea, now is the time to plant the seed of it and then watch to see if it should be used to improve our city.

A Prosperous Milam County...

Creation of Brushy Creek Control and Improvement District No. 1 has been approved by the State Board of Engineers. Such projects as this and the proposed Elm Creek Flood Control and Conservation District should be of a great and lasting value to Milam County.

According to a survey now under way by one agency, the county income from farm and ranch products within Milam County alone should be increased a million dollars annually. This figure as explained can be attained only with participation by all farmers and ranchers for whom these controlled waters are made available.

Completion of such projects eliminates raging flood torrents which flow out of stream banks, wash away Milam's valuable top soils, destroys crops in the fields and escapes downstream from the county leaving it destitute of necessary water for stock and crops in short order. Controlled water also makes possible the development of ponds and lakes that can be used not only for stock water and irrigation but also for farmers' recreation.

Initial benefits will come from the millions of dollars spent in the area for construction of the projects. Of course much of this will be spent outside the area for needed materials. There will still be much left for local purchases of materials. Payrolls of those employed for the actual work will ultimately wind-up in the cash registers of many of the county grocers, service stations, hotels, motels, cafes, theaters, insurance agents and others too numerous to mention.

Increased incomes of those farmers able to have a bountiful supply of water for their livestock and for irrigation of crops during periods of drouth will also eventually wind up either with Milam County business houses or in county banks at the farmers' savings.

Prosperity on the part of only one individual eventually aids every person with whom he trades and with whom they trade and so down the line. Increased prosperity of so numerous a group as the Milam County farmers and ranchers amounting to \$1,000,000 above the average must benefit the entire county.

Many such ideas of such progressiveness as is being undertaken by the farmers and ranchers spread to every man, woman and child in the county.

Men, Brave & True...

Such a short time ago they were only boys with thoughts of competition lasting only moments. Today they are men, brave and true; the Yoemen first string gridsters, Cameron's finest!

They went against the University Trojans, ignoring the fact they were tops on the football field from only 366 students while their opponents were tops from a student body of around 800 or better, but with a strong determination that their power and teamwork would prove them district champions. Only Lady Luck failed to look upon them; University High carried the district laurels from Yoe Stadium.

Yet, the Yoemen too were champions in the eyes of their classmates, the coaches and Cameron fans. Furthermore, this championship is on a far higher scale than that of a mere school district. It is one dealing with acquisition of manhood, great character and the will to continue striving for victory even with the score against them.

District championships are honors hard to lose; more so when statistics of the game show the loss to have been by such a minute margin. Some of the Yoemen left the field with tears in their eyes. Such was not a sign of weakness. Rather this in itself was sign of great character. Sign that those former Cameron boys, now Cameron men knowing they had put forth such great effort and yet blaming themselves alone for not having played even harder.

Yoemen, The Cameron Herald joins with your coaches and local fans in applauding your efforts and extending our thanks for a job well done.

The Cameron Herald will not accept for publication any political advertisement without signature of party or parties concerned appearing on the original copy submitted.

ATTUNING THE INNER EAR

LITTLE RIVER PHILOSOPHER PASSES UP OPPORTUNITY TO MAKE HIS FARM INTO A BIG BUSINESS ENTERPRISE

Editor's note: The Little River Philosopher on his Johnson grass farm on Little River probably is misinterpreting somebody's speech, his letter this week indicates.

Dear editor:

With the north wind picking up speed recently, I've been getting more newspapers than usual blown onto my farm out here, and there's nothing more satisfying than a good newspaper to read on a chilly day in a warm spot.

Yesterday I found one caught on a barbed wire - a barbed wire fence is one of the greatest inventions in the history of man when it comes to snagging a blowing paper, and while maybe there are some papers worth chasing after all over the pasture as ground, it's a lot more pleasant to let the fovee do the work for you - and I pulled it off and took it home and settled down to my main occupation.

I hadn't read far before I ran into an article that made me smile. According to it, an agricultural expert made a speech recently and declared that "agriculture is now a business, requires business methods, and a few acres of land is no longer a haven of refuge where a man can sit and dream."

Well, I'll tell you. It looks to me like somebody has been sitting and dreaming about what farming maybe ought to be. There's some business connected with farming, all right, but most of it is applied to what the farm produces, after it leaves the farm. You take a Jersey steer from my farm. Very little business administration goes into getting him ready for market, outside of what he's picked up on his own, but the minute he leaves my hand at a price set by somebody else, not me, then business takes over, and a 10-cent steer turns up a little later on as 40-cent hamburger or 60-cent round steak.

I know that not all farms are run like mine, or there wouldn't be a surplus, but the surplus itself demonstrates somebody is failing to be very business like in agriculture. You don't hear of the U.S. steel industry producing four times as much steel as the country needs. This country has more oil than it needs, but you don't hear of any surplus gasoline depressing the price you

Letters To The Editor...

(Editor's Note:—The following was received in response to The Herald's request for letters concerning the greatest need for Cameron. Opinions in the letters are not necessarily those of The Herald.)

To the Editor:

Cameron has a great many widowed women, also several tohers, who have to support themselves or be dependent on their children or some other source.

Most of these women are not trained for any special work. What few jobs that can be had, they are overworked and underpaid. They are able physically and mentally to work and to be trained for jobs.

So what Cameron really needs more than paved streets is a garment factory or something that would train and employ this group, pay them a living wage so they could live a happy, useful life independent of others instead of feeling they are useless and in some cases a burden.

The city would profit from the payroll. Therefore everyone would be helped.

Thank you,

P.M.

A letter to The Cameron Herald introducing a project for the improvement of Cameron.

I would suggest that it needs more enterprises to make some payroll for Cameron such as a canning factory, garment factory, or most any kind of factory. Of course we need street improvements such as asphalt streets especially where the traffic is heavy.

A community center would also be beneficial to Cameron. Also I think a good oil mill would also help some, as the one we have has no payroll to speak of.

And removing lots of the shacks as some partly burned, and some not fit to live in would help a great deal and would improve the

pay at the filling station.

And as far as a farm being a haven of refuge where a man can sit and think, that's what mine is exactly, and if it comes to a choice of installing a business administration out here or giving up sitting, you know which one I'm gonna choose. I haven't got anything against business or business methods, but if I wanted to go into business, the best place to do it is in town, not in the country.

Yours faithfully,
J. A.

Top Conservationist Just Farming In Best Manner

When a farmer in this area makes more money during 1956 than during any other year, that's news, and deserves some closer observation.

Such is the case of John Michalewicz of Lott, who was recently named the Outstanding Conservation Farmer for 1956 in the Central Texas Soil Conservation District. Michalewicz moved into the Lott community some 40 years ago and farmed as a tenant farmer for almost 30 years. During these years he paid close attention to the land and his crops and learned much about conserving and improving the soil.

Approximately 12 years ago, he bought his first land and now owns and operates around 500 acres. The farm is made up of both blackland and mixed land which is predominately gently rolling.

First Practices

First conservation practices established on the farm were grassed waterways onto which the terraces on cropland now empty. The waterways are used as pasture strips which help make up his 45 acres of Bermuda grass pasture. The 21 head of cattle grazing on the strips are in good shape and have had no additional feeding up to this time. He feels lower land now connected with waterways will make him more money in grass than by any other way.

After terraces were constructed, he began seeding legumes and adding organic matter to the soil in order to increase the fertility and to improve the structure of the soil. The first legumes seeded were winter peas which grew well and began the process of soil improvement. After a few years cut worms came in to his land being used to grow

peas so he changed his kind of legume to Hubam clover. His first Hubam was seeded some

eight years ago and today he still feels that no other legume can compare with Hubam, especially on blacklands for soil improvement. Michalewicz has grown Hubam on all his cropland during the last eight years, except for a 10 acre field just north of his attractive farm home — this fall he plans to seed this field to Hubam clover.

Michalewicz bought one farm that the tenant had left because it wouldn't make any crops due to the lack of fertility. Now the land is productive and this year it has produced from 30 to 35 bushels of corn per acre in spite of the lack of rainfall. He gives the credit for this soil improvement to Hubam clover.

Plants More Cotton

This year Michalewicz planted more cotton than usual due to the fact that he didn't want to have too much of a surplus of clover seed. One 53-acre field planted to cotton this year, parts of which had been in Hubam for two, three and four years, he harvested 40 good bales of cotton. This yield was made on blackland and was harvested with a two row cotton stripper. He figures the cost of defoliation and stripping this year cost him between 5 and 6 dollars per bale. Regarding his yield on the 55 acre field of cotton, Michalewicz said he would have made "some good cotton if he had got some rain."

Some of the other yields he got on his farm this year were 500 pounds of Sudan grass seed per acre and 490 big bales of millet from 13 acres.

A strong believer in leaving residues on the soil, Michalewicz has applied barnyard manure and also cotton burs to his mixed land for years in order to "help along" the organic matter situation. This year he applied 175 tons of cotton burs on 17 acres of his mixed land which amounted to a little over 10 tons per acre

Sgt. Edward Trochta Takes Part In AGLEX

Sgt. Edward G. Trochta, son of Mr. and Mrs. John Trochta of 707 W. Eighth Street in Cameron, has participated in "AGLEX 57E" during the period between October 29 and November 4 at Camp Pendleton, California.

These six-day Air Ground Landings Exercises involved 15,000 Marines from the 1st Marine Division and was highlighted by a combined land, sea and air assault on "aggressor" territory on D-Day, November 2.

Five years ago some of his land would not grow Hubam clover because of its poor condition. After adding cotton burs to the land, he found that Hubam would make good growth.

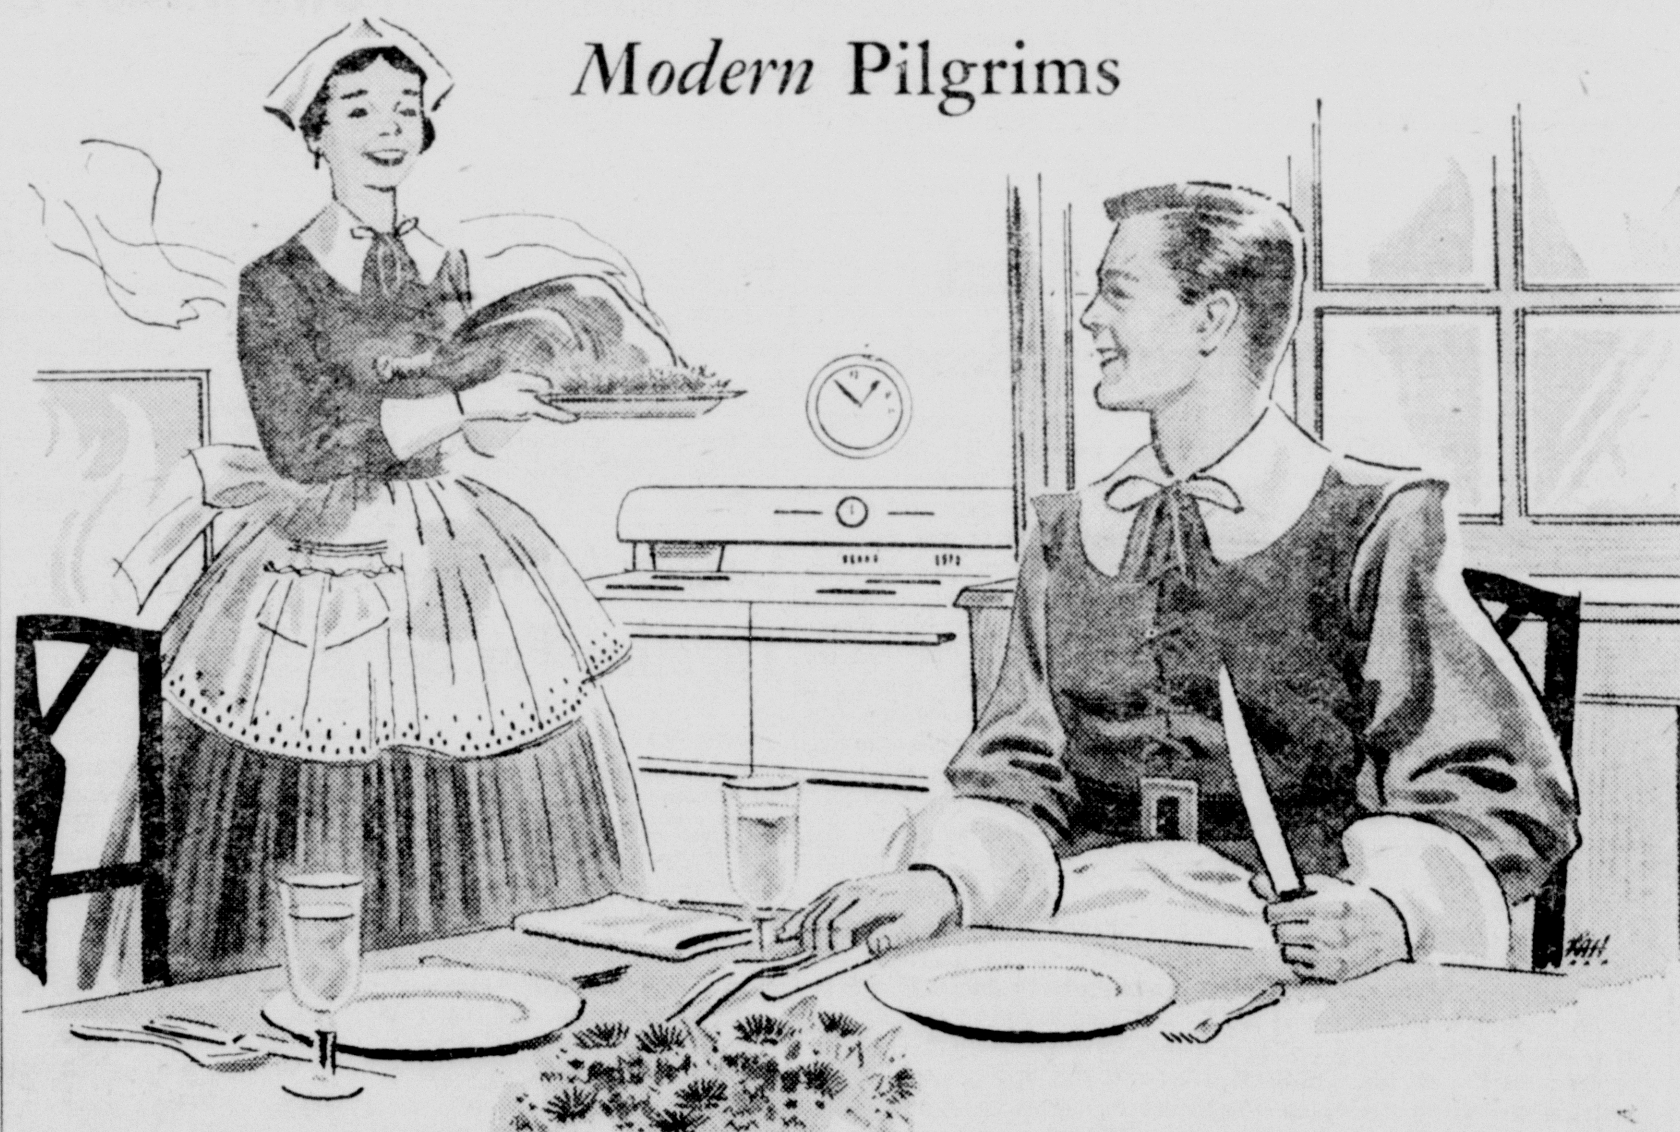

In the past he has seeded about 150 acres of Hubam each year - this year he grew only 70 acres of clover. He likes to seed the clover in the Fall of the year and fertilize it with from 150 to 200 pounds of Phosphate per acre. Accustomed to making above the average yields on his farm, his Hubam averaged 600 pounds of seed per acre year before last and produced eleven tons of green matter per acre.

A Family Enterprise

Other than Michalewicz, his wife and four children have played an important role in improving their land. The youngest son who is still at home is actively engaged in the farming operations with his father.

When told that he has been selected from approximately 6000 farms in the Central Texas Soil Conservation District as the Outstanding Conservation Farmer for 1956, Michalewicz showed he was surprised - his only comment was that he "hadn't been trying to win any award - just been farming like I thought was best".

Modern Pilgrims

cook Electrically, of course...

It's a far cry from the early days of the 17th century when the Pilgrims had to do their cooking the hard way. But today's Pilgrim has really made progress... thanks to electricity! That Thanksgiving turkey stays juicy and tasty when it is baked in an electric oven that's insulated on all six sides... for faster, cooler, healthier cooking. It'll be a day for real thanksgiving... when you see your appliance dealer for an electric range. **LIVE BETTER, ELECTRICALLY!**

Another sign of Pilgrim's progress: the forever-fresh kitchen! 'Cause Reddy Kilo-watt cooks so clean! Means less house-cleaning time, less redecorating expense.

TEXAS POWER & LIGHT COMPANY

Yoe "B" Team Show Will Power And Determination

Cameron's "B" gridsters showed will, power and determination through 48 minutes of grilling football tactics but still fell to the University Trojan "B" squad Thursday night, November 15, by the score of 32-0.

Cold north winds handicapped players on both teams as injuries (none of them serious), penalties and time-outs kept the teams on the field for just a few minutes short of three hours. Cameron received six penalties for a total of 80 yards while the Trojans were penalized 20 times for 189 yards. Officials removed one player of each team from the playing field.

In other phases of the game, the "B" Yoemen performed with equal ability of the "B" Trojans, but no scoring for the hometown boys. Yoemen racked up eight first downs to the Trojans' nine. Out of the eight passes attempted by Yoemen, one was completed for a gain of three yards while three others were intercepted by the Trojan defense. Trojan "B" stringers tried five passes, completed two and gained 28 yards.

Fumbles
"B" Yoemen gained 195 yards on the ground compared to 205 for the Trojans. They fumbled five times as compared to once by the lads from Waco. Cameron was forced to punt five times for an average of 21 yards. Their opponents punted four times for an average of 26 yards.

Outstanding player on the University "B" team in mounting their score was Gene Glockzin. Those points were collected with 13 coming in the first period, 6 in the second, 7 in the third and 6 in the final quarter.

Outstanding in action for the hometown were Charles Hollas, Allen Dodson, Joe Wilkins, Josie, McKissick, Fontaine, Tepera, Humplik, Paul Young, Griffin Barrett, Terry Rogers, Albert Hoelscher, Burnes Thomas, Joe Gerriek, Gerald Bowen, Dusek and Robert Brashear.

Yoe Director Cox Judges I. L. Contest

Yoe band director, Francis Cox, for the eighth consecutive year will judge both twirling and band marching contests in Interscholastic League, district five competition to be held at Blinn College Stadium in Brenham Saturday.

Approximately 300 twirlers and 40 bands are in the region competition and include those from schools in Freeport, Texas City and the Houston Pasadena-Galena Park areas.

Cox will devote Saturday morning to judging twirlers. These contests begin at 9:30 and then at 1:30 Saturday the marching bands will begin competition, finishing at 7 p.m. The Yoe director will judge both.

The seven seas are the North Atlantic, South Atlantic, North Pacific, South Pacific, Arctic, Antarctic and Indian Oceans.

Delaware has only three counties.

Dillon Plows Forward Again

Cameron's candidate for District 9-AAA fullback, Guy Dillon, No. 40, plows through the University Trojan line and almost got into the clear for pay dirt. Getting into the play moments later was Billie Kostroun as he blocked another University back out of a tackling position.

Extra Point Pileup

Guy Dillon took a handoff from Yoemen Quarterback Bobby Elliott following Cameron's touchdown last Friday night in a try for the extra point. Seemingly everyone of the 22 players were in the pileup that followed the start of his run. The play was called back on a penalty. In the second try, Dillon was again successful but this time with a beautiful kick placing the ball between the uprights.

Agnes Barton Bowling High

Fine bowling was order of the nights last week at Cameron Alleys by members of the eight teams composing the Cameron Ladies' Bowling League.

High single game was won by Agnes Barton with 172 pins. Marie Ann Laake was second with 170 and Milady Hollas, with 168, was third. Milady, however, was high in the three-game series with 452. She was closely followed in this category by Ida Michalka, who was second with 451, and Clara Humplik's third place honors with 445.

First, second and third place

Low - Cost Plan

A simple, low-cost plan for keeping dairy production records has been developed by the USDA, the Weigh-a-Day-a-Month Plan, and Extension Dairy Husbandman R. E. Burleson says all Texas county agents are ready to assist dairymen in putting it into operation.

See your local county agent for the details.

honors to teams for high three-game series was taken by Falstaff, Woodum Auto Sales and Vaculin Service Station in that order. Their series scores were 1570, 1565 and 1513 respectively.

High Team

Woodum Auto Sales' team was high with a single-game score, which was 554. Falstaff followed with 557 and New Cameron Drug was third with 546.

Splits picked up were Milady Hollas, 7-3-10 and 5-10; Barbara Schattler, 5-7; Anna Slama, 5-7; Ida Michalka, the 5-7 split two times; Billy McCoy and Lillie Richter, 4-9; Annie Hollas, 3-10, and Marie Ann Laake and Bertha Balhorn, 5-10.

Green Funeral Home's team with that of Coca-Cola met in competition with Green's team taking all of the four games. In matches between the other six teams, the winning team in each instance took three of the four with the loser capturing only one in the week's series. Competition of these six found New Cameron Drug losing to Woodum Auto Sales, Falstaff defeating the National Hall Club team and Pearl the underdog in the Vaculin Service Station Pearl series.

Awards

Awards to individuals included a carton of soft drinks to Ida Michalka for picking up the most spares. Billy McCoy was awarded a shampoo and set at Audrey's Beauty Salon for gaining the low series of three games.

Team standings as the week came to a close:

Team	W	L
Pearl	23	13
Green Funeral Home	21	15
New Cameron Drug	20	16
Vaculin Serv. Sta.	18½	17½
Falstaff	18	18
Woodum Auto Sales	17	19
National Hall Club	16	20
Coca-Cola	10½	25½

Bowling Record Topped With 575

Once again the record standing at the Cameron Bowling Alleys was topped with 575 series rolled by Douglas Beck, a Temple lad.

His fast straight ball hit the 1-2 pocket with much zeal getting 210-190-175 games. He topped previous scores by Dr. Boyce of 559 and T. Matula of 545.

H. Joseph was right behind Beck's heels with a 190-173-180-543 series, while J. Humplik came very close to hitting the 500 mark with his 493.

Beck's high series helped his K of C team beat Dr. Pepper 3 to 1. H. Joseph and his Alcoa team mates handcuffed the KMIL lads 3 - 1, while First National Bank trimmed Grand Prize 2½ to 1½, (a half game won or lost is a tie score) and Falstaff split with Pearl 2 and 2.

Pinfall: D of C high 3 game series 2176, Dr. Pepper 2169 and Alcoa 2168. For high game the honors go to D. Beck with his 210, L. Hollas a very close second 204 and W. Wertz jumped in third place with a 191.

News From Yarrellton

MRS. LENA RUSSELL

Mrs. Lillian Terry, of Cameron, visited Mr. and Mrs. Jim Mann Tuesday afternoon and night.

Mr. and Mrs. C. E. Russell have returned home after a visit with relatives in Orangefield and Port Arthur last week.

Mr. and Mrs. Charlie B. Leonard after a few days visit and returned Thursday from Ft. Worth with their daughters and their families.

Mr. and Mrs. Zackie Griffin of Fort Worth spent last weekend with his mother, Mrs. Ora Griffin.

Next week Falstaff will battle Dr. Pepper for 2nd place, First National Bank will meet the up and coming Alcoa boys, Grand Prize will tangle with Pearl and KMIL and Temple K of C will exchange spares.

League Standings:
1st Nat Bank 22½ 10½
Falstaff 18 15
Dr. Pepper 13 15
Grand Prize 15½ 17½
Alcoa 15 18
Temple K of C 15 18
Pearl 14 19
KMIL 8 25

fin and Marvin.

Mrs. Effie Smith and Mrs. Susie Bradshaw were Monday night guests in the home of Mrs. Jinnie Barrett.

Mrs. Bernice McCall is a patient in St. Edwards Hospital this week.

Bro. and Mrs. W. M. Veal of Waco were Sunday guests in the home of Mr. and Mrs. Jesse Gibbs.

Haley Richerson of Rosebud spent Monday night in the home of Mr. and Mrs. Charles E. Russell.

Visitors in the home of Mr. and Mrs. W. C. McDonald, Saturday, were Curtis Ross of Panhandle, Okla.; Jerry McDonald of West Texas; Luther McDonald of Sharp and Holley Joe of Indiana. Mr. and Mrs. Otis Joins of Houston and Mrs. Stella Foster were Tuesday guests in the McDonald home.

Miss Myrtle Evans spent Wednesday afternoon with Mrs. Addie Miller.

C. B. Leonard was rushed to a Rosebud Hospital last Wednesday with an attack of acute indigestion, but returned home Thursday.

CAMERON, TEXAS' HERALD, NOVEMBER 22, 1956

Heating Equipment

When temperatures drop, all types of heating equipment are brought into use on the farm. With their use, the chances for

day p.m. feeling much better and is doing O.K. now.

Mr. and Mrs. Otis Joines of Houston spent the first of last week with her sister, Mrs. Stella Foster, while vacationing.

Mr. and Mrs. Johnnie McKenney of Ben Arnold were Saturday visitors in the home of Mr. and Mrs. W. W. Caddell.

Mesdames Mabel Mann; Addie Miller; Velma Dobbs; Jennie Barrett and Myrtle Evans visited in the C. B. Leonard home Friday.

Mrs. Leona Griswold and Walter Griswold's nephew from Dallas visited them last week. The Griswolds and Mr. and Mrs. Charles E. Russell attended the Milam Co. Singing Convention at Salty, Sunday, November 18.

Bro. and Mrs. W. M. Veal were Sunday guests in the home of Mr. and Mrs. Jim Mann.

Mrs. Leona Griswold and Walter and Mrs. John Lott went to Workers Conference at Marlow Church last Monday night.

farm fires go up.

W. L. Ulich, extension agricultural engineer and secretary of Texas Farm and Ranch Safety Council, says defective chimneys, carelessness with combustible materials or the misuse of petroleum products rank high as causes of farm fires.

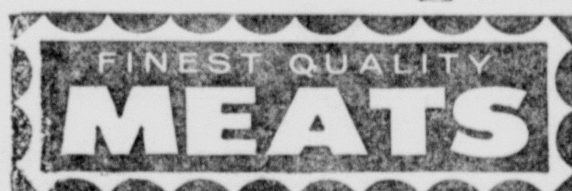

He suggests that needed repairs and replacements be made now before the winter season.

Old Building To Be Removed

Demolition of the old O. J. Thomas structure is scheduled to begin December 1 when a contract is completed between the Cameron School Board and the Grand Construction Company of Austin.

Work is to be completed in 90 working days and will provide much needed playground area, Superintendent Wiley Loughmiller said this week.

The contract gives the company \$1,300 and all salvage Loughmiller said.

HOME FOR THANKSGIVING

...A heart-warming holiday! Family gathered together... everyone in great spirits, with children laughing, grown-ups reminiscing. From the kitchen, rich spicy fragrance of dinner in the making. At last, the parade to the table! Magnificent feast! The golden-brown of the big turkey. Ruby-red of cranberries, fluffy whiteness of potatoes, yellow of squash. Happy feasting! And afterward—Thanksgiving Day contentment.

Meat heavy! Clean as a whistle inside and out.

Texas Author, Historian Dies In Houston November 15

Texas historian, author, brilliant conversationalist and retired Texas Co. official, Louis W. Kemp died Thursday, November 15, in St. Joseph's Hospital at Houston. He was 75.

Mr. Kemp was well known in Cameron and was the brother of Jeff Kemp, late Milam County judge, who lived here.

He had been ill at his home for two months preceding his death and had entered the hospital on Monday, November 12. Born in Cameron County and known as "Lou," he had attended the University of Texas for three years. For the last 40 years, he had lived in Houston.

Mr. Kemp was one of the leading men to work in the movement for construction of the San Jacinto Monument. He was also responsible for the reburial of Texas' heroes of the days of the republic in the state cemetery at Austin.

Author and Historian

As an author and historian, Mr. Kemp during his career received many honors for his writing and research. Such honors were extended on local, state and national levels.

He was author of "Signers of the Texas Declaration of Independence" and co-author of "Heroes of San Jacinto." Other historical works concerning the early days of Texas were written by Mr. Kemp while the library at his home contained more than 1000 books on Texas. Some of these were very rare editions and valued highly.

International Honors

Honors extended him during his career included a decoration, "De la Reconnaissance Francaise," from the French government and a degree of human letters from Daniel Baker College in Brownwood.

Mr. Kemp was chairman of the

state centennial historical commission, past president of the Harris County Historical Society, life fellow of the Texas State Historical Association, member and a past vice-president of Houston Philosophical Society and a past president of the Texas State Historical Society.

Love of History

His love for Texas history developed after he joined the Texas Company sales department in 1908. Traveling throughout the state, he particularly noted cemeteries in which famous Texans had been buried and which were being neglected. This was the basis on which he began his project of locating graves of Texas governors and presidents of the Republic. Information gained in this search supplied Mr. Kemp with rare and little-known notes about such individuals to the extent that he became an authority of the early history of the state.

He is survived by his wife, Mrs. Violet Kemp; two sons, Charles D. of Houston and Arthur Jeff Kemp of the U. S. Navy; two sisters, Mrs. F. L. Adams and Mrs. George L. Byrom, both of Houston, and a brother, D. M. Kemp of Greensburg, Louisiana.

Rosebud Farmer Dies At Home

Final rites for Rice Davis, 84-year old retired farmer, were held at 10:30 a.m. Saturday, November 18, at the Nicholson Funeral Home Chapel. A resident of Barclay and Rosebud for most of his life, Mr. Davis died at his home in Rosebud at 7:30 p.m. Thursday, November 15, following a long illness.

Services were conducted by Rev. Theodore A. Binford. Burial followed in the Barclay Cemetery.

He is survived by his wife of Rosebud; five sons, Jack of Cameron, Ben of Oakville, R. C. of Rosebud, Marvin of Temple and Clarence Rice of Baytown; four daughters, Mrs. Edgar White, Mrs. Joe Leskar, Mrs. Curtis Matherson and Mrs. Leray McAttee, all of Rosebud; 16 grandchildren and 22 great-grandchildren.

Mother of Cameron Man Dies Saturday

Mrs. Frank J. Perrin, 88, mother of E. A. Perrin of Cameron, died at 7 a.m. Saturday, November 17, in San Antonio. Funeral services were held at 4 p.m. Sunday, November 18, in Georgetown. Burial was in a Georgetown cemetery.

She is survived by three daughters, Mrs. Joe McMahon of Georgetown, Mrs. Forrest Joas of Edna, Mrs. Everett Briggs of San Antonio; six sons, E. A. of Cameron, Frank Perrin of California, Clarence of El Paso, John of Long Beach, Sidney of Georgetown and Tom Perrin of Painesville, Ohio.

Vaudeville Acts Shows Talent

Vaudeville will come to life again at 8 p.m. Friday, November 23, in the Sharp High School auditorium with stage entertainment featuring Richard Wilkinson and his band.

Purpose of the show will be to raise money by students of the junior class to finance the annual Junior-Senior Dance. Consisting of music by Wilkinson's Band, the program will also carry talent acts. These acts will be performed by high school students of Sharp High School.

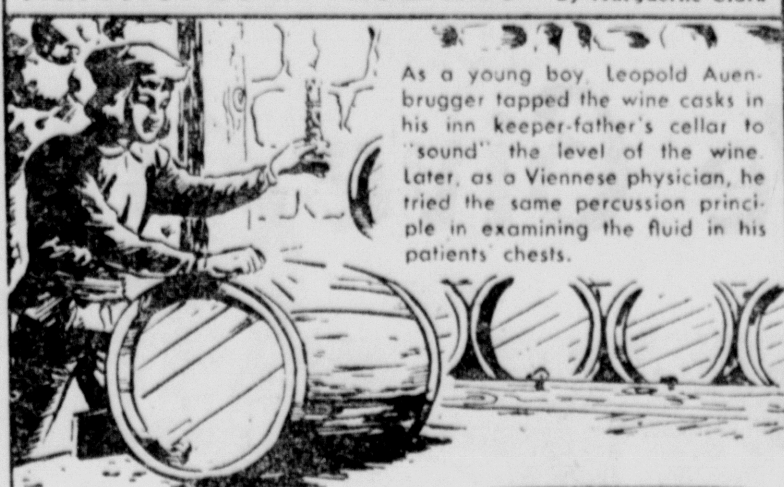

Three gifts of groceries will be presented to some members of the audience.

The shot fired by the American colonists at Concord was the "shot heard round the world."

CAMERON, TEXAS' HERALD, NOVEMBER 22, 1956

Milestones in Medicine

by Marquerite Clark

As a young boy, Leopold Auenbrugger tapped the wine casks in his inn keeper-father's cellar to "sound" the level of the wine. Later, as a Viennese physician, he tried the same percussion principle in examining the fluid in his patients' chests.

Today, Auenbrugger's "finger-tap" technique is a routine part of every thorough physical examination. By quick and painless percussion of the chest, the doctor can determine the presence of a wide range of disorders, diagnose the trouble, and prescribe treatment.

In 1780, Landoncette, a French dentist, announced the perfection of artificial teeth suitable for chewing, as well as for improving lisping speech.

by C. L. Carson, Manager

TELEPHONE TALK

KING SIZE TELEPHONES

Imagine your surprise if the telephone set in your home or office actually grew in size every time another telephone was added to the number you can reach with a local call!

Naturally this doesn't happen, but I brought it up to point out how much your telephone service has grown in value in recent years.

Today you can reach more people by telephone — your friends, neighbors, and the shops and stores around town — than you have ever been able to before. This means you can run more errands, do more things by telephone.

To me, that adds up to your telephone service being a bigger value today than ever before. And I think you'll agree that it will be an even bigger value tomorrow as we continue to put more and more telephones in service in Cameron.

Go Home by Telephone

Thanksgiving, a real "family holiday," is just around the corner. And I guess we'd all like to be home to share the turkey, trimmings, and just plain "get-together" talk.

For some of us, however, it's impossible to be there in person. But you can still be a part of the family's Thanksgiving Day with a Long Distance call home. Why not plan now to make a call and be part of the family group? The cost is low, even lower if you call Station-to-Station. And remember to call by number — it's twice as fast.

See You Next Year

No, I'm not going on a two-month vacation, but this is the last time until early 1957 that I'll be chatting with you in Telephone Talk.

This column has been running in the newspaper for about a year now. I've enjoyed talking with you this way, and I hope you've enjoyed reading about what we're doing in the telephone business. Watch for Telephone Talk again next year. Meanwhile, here's hoping you enjoy that Thanksgiving turkey and have a happy Christmas season.

Call by number. It's twice as fast.

Couple Receives Knife Wounds

John and Bessie Mae Crawford, a colored couple of Cameron, were taken to separate hospitals about 11:30 p.m. Saturday, November 17. Both were suffering from knife wounds received in an altercation at a night spot in the colored section of the city.

Bessie Mae was taken to St. Edwards Hospital, where she received treatment for a wound including 14 stitches. She was released from the hospital following the treatment.

Her husband, John, was taken to Newton's Hospital. A three and a half inch knife blade was removed from his back, where he had been stabbed. Late Sunday, he was still being held at the hospital for treatment due to a considerable loss of blood.

According to Night Chief "Brandy" Brandenburg, who investigated, the handle of the knife found in John Crawford's back was in the possession of Bessie Mae Crawford. Disposition of the case was to be made by County Attorney Bob Nelson according to Brandenburg.

LONE STAR GAS COMPANY

More than 85 out of 100 women cook with gas!

Commemorating the first harvest celebration of the Pilgrims we give thanks for the blessing of living in this country today, and take this opportunity to express our deep appreciation for the loyalty of our friends and neighbors.

TO THE CHAMBER OF COMMERCE committee, for the effort expended in showing the economic value of our company by pre-claiming a WALLED LAKE DAY and cashing our employe checks with \$2 bills we wish to give thanks.

ON THE OTHER HAND we wish to assure all that the value of a fine citizenship and civic leadership such as we find in Cameron is a vast blessing to our company.

What Is This Two Dollar Business All About?

THIS QUESTION WAS POSED by Mike Behler of the Nelson-Davis and Son Wholesale Grocery Company and Truman Schoen of the Libby Company while calling on the Matula Grocery Company Friday.

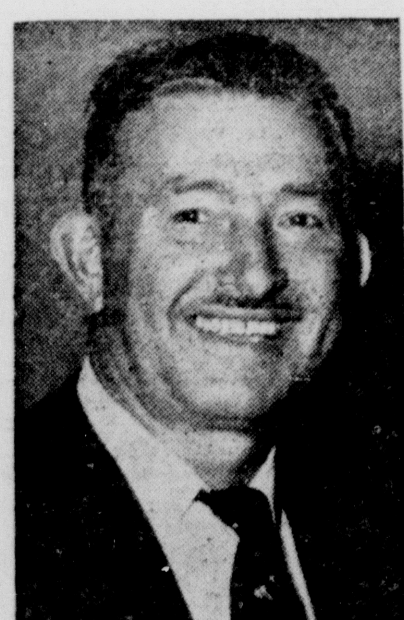

Charlie Matula is shown telling the two salesman about the stunt pulled by the Cameron Chamber of Commerce committee, under the chairmanship of Bill Burns, in cashing the WALLED LAKE DOOR COMPANY payroll checks on Thursday in \$2 bills.

This was done so that merchants could see, over a period of time, how many of the seldom used bills came through their hands.

Matula reported a nice week-end business with the \$2 bills adding up to a tidy sum.

Third place winners were Mrs. Roy Wright, Mrs. J. D. Moore, Mrs. Leo Fuchs, Mrs. Auttis Franklin and Mrs. G. A. McDermott.

Honorable mentions went to Mrs. Cato Sheerer, Mrs. W. R. Newton, Sr., Mrs. Roy Wright and Mrs. R. G. Grabein.

Blue ribbon winners in Horticulture division were Mrs. Alvin Dusek (8) Mrs. R. G. Grabein (4) Mrs. Leo Fuchs (3) Mrs. A. L. Horstmann (3), Mrs. Cato Sheerer (3), Mrs. J. D. Moore (2), Mrs. Frank Schiller (2), Mrs. John Ryan (2), Mrs. Edwin Adams, Mrs. Roy Wright, Mrs. L. R. Wallace and Mrs. G. A. McDermott.

Second place winners were Mrs. Alvin Dusek (4), Mrs. John Ryan (3), Mrs. A. L. Horstmann (3) Mrs. Cato Sheerer, Mrs. O. G. Tumlinson, and Mrs. W. R. Newton, Sr.

Third place winners were Mrs. G. A. McDermott, Mrs. O. G. Tumlinson, Mrs. Auttis Franklin, and Mrs. Alvin Dusek.

Honorable mentions went to

Mrs. Edwin Adams, Mrs. Alvin Dusek, Mrs. Roy Wright and John Ryan.

Judges for the show were Mrs. ack Lawhorn, Mrs. A. L. Hume, Mrs. Murtan Robinson, Mrs. J. T. Boutwell and Mrs. Cecil Biggs, all of Temple, and Mrs. Frank Hackel of Marlin.

Mrs. Frank Schiller was General Chairman of the show with co-chairmen Mrs. Leo Fach Artistic Division and Mrs. Alvin Dusek Horticulture Division.

Mrs. Leo Fuchs was hostess with a buffet luncheon at her home for the judges, show chairmen and clerks after the judging of the show.

Simmons-Zucha Wedding Held At St. Monica Catholic Church

Miss Barbara Simmons became the bride of Julius Zucha in St. Monica Catholic Church Saturday November 10 at 9 a.m. Father Alfred Kallus performed the single ring ceremony.

The bride, given in marriage by her father, wore a floor length dress of lace over satin and fashioned with ruffles and a high neck. Her veil was of white lace with seed pearls and nylon net.

Miss Frances Caddell of Cameron attended the bride as maid of honor. She wore a tight blue ballerina length formal covered with net ruffles over taffeta and carried a corsage of pink carnations.

Paul Zucha, brother of the groom of Wilson served as best man.

A reception was held at the home of the bride's parents. The bride's table was covered with a lace cloth and centered with the three tiered wedding cake decorated in pink and green trimmings.

Guests registered as they entered the reception room.

Mrs. Simmons, mother of the bride was attired in a navy blue suit with navy blue accessories and white carnation corsage. The groom's mother was dressed in a combined dark striped dress with black accessories and white carnation corsage.

Mrs. Zucha, daughter of Mr. and Mrs. John Simmons of Cameron is a 1956 graduate of Yoe High School. The groom, a 1951 graduate of Rosebud High and now employed with the Bush Construction Company in Cameron, is the son of Mr. and Mrs. Paul Zucha of Wilson.

The couple have made their home at 609 West 1st St. in Cameron.

Out of town guests were Mr. and Mrs. H. C. Weathers, Mrs. James Martin, Mrs. Edna Weathers, Mr. and Mrs. Joe Morris, Mrs. Maggie Davis, Mr. and Mrs. Steve Zucha, Mr. and Mrs. Clarence Dodd, Mr. and Mrs. Charlie Bartek, Mrs. Archie Graham and Mrs. Will Elsenburg.

Mrs. Ray McAtee, Mrs. Elenora Aycock, Mrs. Clarence Hoelscher, Mrs. T. C. Kirkscey, Mrs. S. C. Souther, Mrs. Paul Reichert, Mrs. Bill Adams, Mrs. Elsie Pyle, Mrs. Andrew Voltin, Mrs. P. M. Tyson and Mrs. J. F. White, members of the Rosebud Garden Club, attended the Cameron Garden Club's flower show, Autumn on Parade, on Wednesday, November 14.

Mrs. Dorothy Abel and Mrs. Rita Mikulec were in Temple on business Tuesday.

February has five Sundays about three times in every century.

Cameron's newest business is a Day Nursery at 908 E. 8th Street (corner of 8th and Jackson) and known to many as the old Rush Thomas homeplace.

The Kiddie Korral is an attractive sign facing Jackson Avenue. Mrs. Una Manous of Cameron and Mrs. R. K. Fontaine of Jones Prairie are co-owners and operators of the establishment which they stress is not a kindergarten. In no way is the old homeplace with spacious grounds and beautiful shade trees competitive with the kindergarten said the owners.

"We teach the tots to play with each other as we join in the little games," the ladies said.

FROM CRADLE TO GRADES

The nursery is operated daily from 7:30 a.m. to 5:30 p.m. with charges by the hour, the day, the week and by the month. Children are taken "From the Cradle To The Grades" the ladies state. The state license of the nursery calls for care of children from two to six years of age.

Hourly charge for care is thirty-five cents, The ten hour day for \$1.50 and weekly and monthly rates on request.

A noon meal is served to all little ones left by the day with special emphasis on a prayer before the meal. Fruit juice is served in the morning and following the afternoon nap milk or fruit juice with cookies is served.

A five day week is observed now but upon sufficient demand of working mothers the ladies expect to open on Saturday morning.

Mrs. Manous is the mother of three grown children. Mrs. Fontaine has reared James 14 and Karen 8. The telephone number of the nursery is 722. Pd. Adv.

Sealed proposals addressed to the Honorable Mayor and City Commissioners of Cameron, Texas, will be received at the office of the City Secretary W. B. Wieser, until 1:30 P. M., December 18, 1956 for the construction of CONTRACT 1-Construction of 16" Raw Water Main; the major item of work being the furnishing and installation of 5,100 feet of 16" reinforced concrete pressure pipe.

Bids will be publicly opened and read aloud at 1:30 P.M. on the same day.

Plans and specifications may be examined without charge in the office of the Cameron Water Department and may be procured from Joe J. Rady and Company, Consulting Engineers, 511 Insurance Building, Fort Worth, Texas, upon a deposit of \$15.00 as a guarantee of the safe return of the plans and specifications.

Attention is called to the requirements that there must be paid on this project not less than the general prevailing rates of wages which have been established by the Owner and specified in the Contract Documents.

A cashier's check, certified check or acceptable bidders bond, payable to the Owner, in an amount not less than five per cent (5%) of the largest possible total for the bid submitted, must accompany each bid.

No bid may be withdrawn, after the scheduled closing time for receipt of bids, for at least thirty days.

The Owner reserves the right to reject any or all bids and to waive informalities.

Max McClaren made a business trip to Waco Saturday.

Miss Janis Jistel of San Antonio was home for the weekend visiting with her parents, Mr. and Mrs. Hubert Jistel and family.

the week and by the month. Children are taken "From the Cradle To The Grades" the ladies state. The state license of the nursery calls for care of children from two to six years of age.

Hourly charge for care is thirty-five cents, The ten hour day for \$1.50 and weekly and monthly rates on request.

A noon meal is served to all little ones left by the day with special emphasis on a prayer before the meal. Fruit juice is served in the morning and following the afternoon nap milk or fruit juice with cookies is served.

A five day week is observed now but upon sufficient demand of working mothers the ladies expect to open on Saturday morning.

Mrs. Manous is the mother of three grown children. Mrs. Fontaine has reared James 14 and Karen 8. The telephone number of the nursery is 722. Pd. Adv.

Frank J. Cizek of Cicero, Illinois, Field Manager for the Czechoslovak Society of America, spent several days this week in Cameron visiting and transacting business with members of the local lodge, Lodge Cameron.

District Cooperator Alvin Lange has approximately 7500 feet of large, channel type terraces under construction on his farm, three miles southeast of Bartlett. These terraces will empty their water onto a well established bermuda grass waterway.

Following completion of these terraces, says Soil Conservation Service personnel of Bartlett, Lange plans to conduct all tillage operations on the land with the terraces. He further plans to work all crop residue back to the soil, rotate crops to include growing a winter or summer legume and fertilize all legume plantings with phosphate at time of seeding.

Pond Constructed
L. E. Bartlett, a cooperater with the Little River-San Gabriel Soil Conservation District, has completed construction of a 6200 cubic yard pond on his farm three miles east of Bartlett, Texas.

Bartlett's pond has a two acre surface area; a depth of 21 feet and a storage area of approximately 20 acre feet. In addition to furnishing permanent livestock water, the pond will be improved by being stocked with proper kinds and amounts of fish.

Channel Terraces
Approximately two miles of channel type terraces were recently completed on the R. E. Denison farm east of Cyclone. They will outlet on a permanent pasture on the farm.

A. D. Gerza, operator of the farm, has prepared a waterway which will be sodded in bermuda grass this winter. The rest of the cropland on the farm will be terraced into the waterway after it is established in bermuda grass.

The conservation program planned for the 73 acre farm includes waterway development, terracing, contour farming, cover cropping, crop residue management, fertilizing cover crops, brush control and proper use of pasture.

George I of England was a German, and could not speak English.

Czech Society Holds Meeting

Lodge Cameron No. 460 of the Czechoslovak Society of America held its regular business meeting at 8 p.m. Wednesday, November 9, at the Country Bar Hall in Marak.

New members were welcomed at the opening of the meeting by Johnny Pernice, the president. New policies and CSA pins were also presented the new members.

A Lodge Cameron Christmas party was planned for Tuesday, December 11, at Marak. Names are to be drawn for gift distribution at the party. Olga Horelica was named chairman to head the entertainment committee for the party.

Announcement of the Thursday through Sunday visit last week of Frank J. Cizek of Illinois, field manager, was made at the meeting.

A social was held following the business meeting.

Reportable Diseases

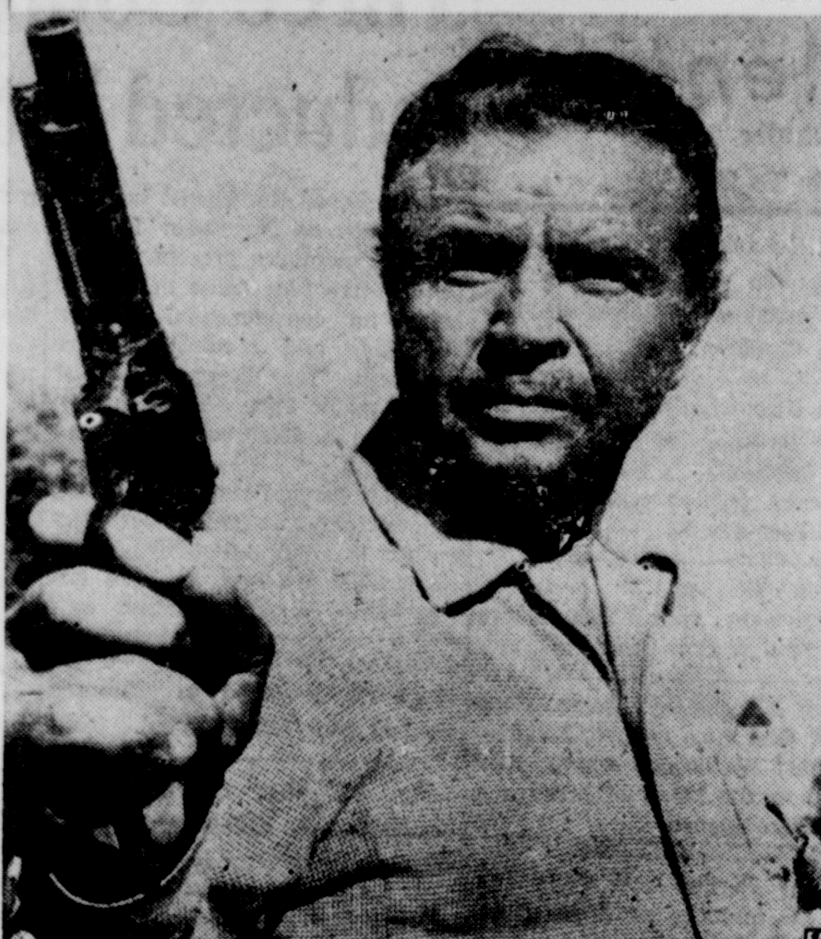

Diseases in Milam County took a strong climb during the week ending November 17 with a total of 17 cases being reported.

Those reported were 10 cases of influenza, four of strept throat and one each of tuberculosis, pneumonia and dysentery. The report was released by Dr. John B. Bryson, director of the Milam County Health Unit.

INTRODUCING: John Clifton, eight-pound, five-ounce son, born November 14, to Mr. and Mrs. Bill Tomlinson of Coleman in a Coleman hospital.

Grandparents are Mr. and Mrs. A. C. West of Coleman. Mrs. W. D. West of Sharp is a great-grandmother and Mrs. R. F. Linhorst also of Sharp is a great-aunt.

Watch This Man!

IT DIDN'T TAKE Dick Powell long to try the part of a gun totin' six shootin' hombre after production started on "Dick Powell's Zane Grey Theatre." The appeal of playing the part of Western characters that were so well chronicled by Zane Grey, has also lured other Hollywood stars to acting parts in the new CBS-TV series on Friday evenings between 8:30 and 9:00 EST.

News From Sharp

MRS. FLORENCE SPIEGEL
Recent guests in the Luther McDonald home were Mr. McDonald's sister and brother-in-law Mr. and Mrs. Raleigh Job of Reelsville, Ind., and his brother, Jerry McDonald, of Cross Plains. Visiting from Rowden was a niece, Mrs. Dorothy Wright, and a nephew and niece, Mr. and Mrs. Curtis Ross of Hardesty, Oklahoma. The Rosses and Mr. Job visited in the Ed Fowler home.

SCIENCE IN YOUR LIFE

Antibiotic Insurance

A new weapon against disease now offers your doctor - and you - extra insurance that the antibiotic he prescribes for you will be effective against the germs it is supposed to attack. The new drug, Sigmamycin, is actually a two-pronged weapon against families of germs which have learned how to survive in the face of antibiotic attack.

These hardy germs, called "resistant strains," have been causing increasing concern among physicians since antibiotics came into wide use. Like DDT, they sometimes flourish in concentrations of drugs supposed to be deadly to them.

Sigmamycin is a combination of two powerful agents. One is a broad-range antibiotic, active against more than a hundred human diseases. The other is a newly discovered antibiotic of narrower range, which knocks out resistant germs where they exist, or prevents them from arising altogether. Laboratory tests have shown that these two antibiotics in combination actually have a greater effect against infection than their total effects when given separately.

Resistant organisms have proved particularly troublesome in intestinal infections, where they have sometimes caused deaths. Resistant pneumonia germs have also appeared in recent years.

There is even more method to music today.

Tunes piped into factories and offices reduce fatigue and improve workers' efficiency. The music is lively, but not distracting, and most employees agree it makes their work less monotonous. Gentle strains relax mothers in childbirth. A survey of 100 mothers at Johns Hopkins and Sinai Hospital in Baltimore showed nearly half the women thought music was the first or second most important factor in easing labor.

Melody in some operating rooms has replaced heavy doses of morphine and barbiturates for surgery under local or spinal anesthesia. And music has become an important tool of therapy in mental hospitals, where it penetrates walls of silence and helps draw emotionally-disturbed people back into the world.

The Seventh Lively Art figured prominently in a "Peace of Mind" room at this year's meeting of the American Medical Association in Chicago. J. B. Roerig and Company, producers of the anti-tension drug Atarax, invited 15,000 doctors touring the convention exhibits to pause in an air-conditioned lounge. The room was designed for relaxation - from quiet-textured upholstery and calm wall colors to Cole Porter compositions.

According to Dr. Max Shoen of the Carnegie Institute of Technology, music's effect is always positive. According to Matthew Green (1696-1737): "Music hath charms, we all may find, ingratiate deeply with the mind."

New Fairlane 500 over 17 feet long

It's a
new kind of Ford
(...and that goes double!)

The low-priced '57 Fords come in 2 big sizes

Here are two new ways to go BIG! Choose one of Ford's distinguished Custom or Custom 300 models—over 16 feet long. Or maybe you want 'em even bigger! Well, the elegant Fairlane and Fairlane 500 models are over 17 lovely feet long! They're the biggest cars Ford has ever built!

There's a big power choice, too! Silver Anniversary V-8 engines* and a new Mileage Maker Six.

New Custom 300 over 16 feet long

It's up to 9 inches longer, as much as 4 inches lower, America's first big low-priced car. And here's why it's the best buy on the market today.

Beneath Ford's look of tomorrow is a new "Inner Ford." The lower, wider, contoured frame allows all passengers

to sit within its side rails. New springing takes the bounce out of the roughest roads. For your comfort, there's even more inside room! This new Ford body is built for keeps!

There are 5 all-new Station Wagons, too! 9-passengers, 6-passengers, two-doors,

four-doors . . . and every one is a dreamboat for calling, a spacious cargo carrier for hauling. They all have that sculptured look. They all feature the new "Inner Ford" advances. They all have Ford's new wrap-around liftgate for easier loading and better vision. And they're yours at low Ford prices!

*A special 270-hp Thunderbird 312 Super V-8 engine available at extra cost. Also, extra-high-performance Thunderbird 312 Super V-8 engine delivering up to 285 hp.

NOTICE OF BOND ELECTION

THE STATE OF TEXAS COUNTY OF MILAM

MILAM COUNTY WATER CONTROL AND IMPROVEMENT DISTRICT NUMBER ONE

TO THE RESIDENT QUALIFIED ELECTORS OF MILAM COUNTY WATER CONTROL AND IMPROVEMENT DISTRICT NUMBER ONE, WHO OWN TAXABLE PROPERTY IN SAID DISTRICT AND WHO HAVE DULY RENDERED THE SAME FOR TAXATION:

TAKE NOTICE that an election will be held on the 1 day of December, 1956, within the MILAM COUNTY WATER CONTROL AND IMPROVEMENT DISTRICT NUMBER ONE, in obedience to a resolution and order entered by the Board of Directors of said District on the 24 day of October, 1956, and which resolution and order is in words and figures as follows, to-wit:

RESOLUTION AND ORDER FOR BOND ELECTION

THE STATE OF TEXAS COUNTY OF MILAM

MILAM COUNTY WATER CONTROL AND IMPROVEMENT DISTRICT NO. 1

ON THIS, the 24 day of October, 1956, the Board of Directors of MILAM COUNTY WATER CONTROL AND IMPROVEMENT DISTRICT NO. 1 convened in session at the American Legion Hut, Buckholts, Texas, with the following members thereof present, to-wit:

FRANK TOMASCIK, Pres.
ADOLPH GRESAK, Vice-Pres.
W. E. BECKHUSEN, Secretary
FRED GRESAK, Director
JOHN ZAJICEK, Director

and the following absent: (None), when among other proceedings had, the following resolution and order was passed and adopted:

WHEREAS, MILAM COUNTY WATER CONTROL AND IMPROVEMENT DISTRICT NUMBER ONE has been heretofore properly established and created pursuant to appropriate proceedings to that end including an order confirming the organization of the District passed by the Board of Directors thereof on the 25th day of June, 1956; and

WHEREAS, it is now found necessary and advisable for the district to acquire by purchase and construction a water supply and distribution system for service in and for said District; and

WHEREAS, the Board of Directors of said District has adopted plans for the construction of the aforesaid improvements and facilities and there has been filed in the office of the District a report of the District's Engineers covering the plans, plants, facilities and improvements to be purchased and constructed, together with maps, plats, profiles and data fully showing and explaining the same, which report is open to inspection by the public; and

WHEREAS, the aforesaid engineers' report contains, among other things, a detailed estimate of the cost of such improvements and an estimate of the time required to complete same so that service therefrom can be commenced; and

WHEREAS, a summary of said engineers' estimate of the cost of said facilities and improvements including the cost of property to be purchased, as shown in the report, aforesaid, is as follows:

ESTIMATE OF COST	
MILAM COUNTY WATER CONTROL AND IMPROVEMENT DISTRICT NO. 1	
Buckholts, Texas	
Well	\$42,000.00
6" C. I. Pipe	21,609.00
2" C. I. Pipe	12,006.00
House Services	9,000.00
Elevated Storage Tank	13,000.00
Pump and Motor and Aerator	15,000.00
and Ground Storage	1,000.00
Land	1,000.00
	\$113,606.00
Omissions & Contingencies	10,648.00
	\$124,254.00
Engineering & Legal	13,746.00
	\$138,000.00
TOTAL	\$138,000.00

NOW, THEREFORE, BE IT RESOLVED AND ORDERED BY THE BOARD OF DIRECTORS OF MILAM COUNTY WATER CONTROL AND IMPROVEMENT DISTRICT NUMBER ONE:

SECTION 1: That the estimate of the cost of the plants, facilities, improvements and property as contained in the engineers' report, referred to in the preamble hereof, is hereby approved and adopted by this Board of Directors as the total amount required to cover such plants, facilities, improvements and property.

SECTION 2: That an election be held in said Milam County Water Control and Improvement District Number One on the 1 day of Dec. 1956, for the purpose of submit-

ing the following proposition to the qualified electors of said District, who own taxable property in said District, and who have duly rendered the same for taxation:

"SHALL the Board of Directors of Milam County Water Control and Improvement District Number One be authorized to issue the bonds of said District in the principal sum of not to exceed ONE HUNDRED THIRTY EIGHT THOUSAND DOLLARS (\$138,000), maturing serially or otherwise, not to exceed thirty-five (35) years from their date, and to bear interest at a rate not to exceed SIX PER CENTUM (6%) per annum, payable annually or semi-annually, for the purpose of purchasing and constructing a water supply and distribution system in the District and for the payment of such other costs as are incidental thereto, including those incurred in the creation of the District and otherwise in connection with the improving project, and shall said Board be authorized to levy and collect annually on all taxable property in said District a tax sufficient to pay the current interest on said bonds and to pay the principal thereof as the same becomes due, so long as said bonds shall be outstanding and unpaid; the payment of said bonds to be additionally secured by a first lien on and pledge of the District's net revenues, being all revenue derived from the District's plants, facilities and improvements, after deduction of reasonable cost of providing for the administration, efficient operation and adequate maintenance of the district's service facilities?"

SECTION 3: That the ballots for said election shall be prepared in sufficient number and in conformity with Chapter 6, V. A. T. S. Election Code, adopted by the Fifty-second Legislature in 1951, and that printed on such ballots shall appear the following:

"FOR THE ISSUANCE OF BONDS, THE PLEDGE OF NET REVENUES AND THE LEVY OF TAXES ADEQUATE TO PROVIDE FOR THE PAYMENT THEREOF"

"AGAINST THE ISSUANCE OF BONDS, THE PLEDGE OF NET REVENUES AND THE LEVY OF TAXES ADEQUATE TO PROVIDE FOR THE PAYMENT THEREOF"

AS TO the foregoing proposition, each voter may mark out with black ink or pencil one of such expressions, thus leaving the other as indicating his vote on the proposition; or, in the alternative, each voter may vote upon the proposition by placing an "X" in the square appearing on the ballot beside the expression of his choice.

SECTION 4: That the entire district shall comprise one election precinct and the polling place of said election shall be at Buckholts School, Buckholts, Texas, and within the boundaries of said Milam County Water Control and Improvement District Number One. The following persons shall be and are hereby appointed officers of said election:

Jim Petruy, Presiding Judge
O. L. Daniels, Assistant Judge
Clara Balusek, Clerk
Opal Gandy, Clerk

SECTION 5: The election officers above named shall make and deliver the returns of said election in triplicate, one being retained by the Presiding Judge, one delivered to the President of the District, and one delivered to the Secretary of the District. The ballot boxes and other election records and supplies shall be delivered to the Secretary of the District, at the office of the District and shall be preserved as provided by law, in said office.

SECTION 6: The Secretary of the Board of Directors is hereby directed to publish a substantial copy of this resolution and order, or notice containing the same, signed by said Secretary and by the President of the Board, once a week for four consecutive weeks in the CAMERON HERALD, a newspaper of general circulation within the area of the District, and published in Milam County, Texas. The first of said publications shall be made at least twenty-eight (28) days prior to the date fixed for said election.

SECTION 7: That the said election shall be held and conducted in accordance with the laws of the State of Texas for holding of general elections for state and county officers, except as otherwise provided by Chapter 3A, Title 128 of the Revised Civil Statutes of Texas, as amended.

The above resolution and order being read, it was moved by Fred Gresak seconded by Adolph Gresak that same do pass. Thereupon, the question being called for, the following members of the Board voted "AYE": Messrs. Tomascik, Beckhusen, Zajicek, Adolph Gre-

We help finance business expansion. Do not answer unless you meet above requirements. Write for interview in your area giving phone no. to MAINLINE SALES CORP. DEPT. TX214, 2138 Lee Rd. Cleveland, Ohio.

NEW ROSEBUD CHURCH

Services dedicating the new structures of the First Methodist Church in Rosebud are being held this coming Sunday with the Rev. Monroe Vivion officiating. This church has been growing continuously since it was first organized in 1888. The above building just completed is the third structure used by Rosebud Methodists for their worship during the church's 68-year history.

Rosebud Methodists Will Hold Church Dedication November 25

Double Anniversary Open House Sunday

Silver and Golden wedding anniversaries will be celebrated simultaneously on Sunday, December 2, at 1001 Batte Street in Cameron.

Open House will be held at that address for Mr. and Mrs. M. R. Prokisch on the occasion of their fiftieth anniversary and for the twenty-fifth anniversary of Mr. and Mrs. Elmer Koenig, their daughter and son-in-law of Burlington.

Open House will be from 2 until 6 p.m. at which time the two couples are taking this means of inviting all their friends to call.

Presbyterian Youth Convene in Waco

Central Texas Presbyterian youth from Waco, Austin, San Marcos, Taylor, Marlin, Temple and Cameron attended a Youth Rally at the First Presbyterian Church in Waco on Sunday and Monday, November 18 and 19, about 120 in number.

Dr. Ernest Best from Ireland was principal speaker who spoke on "Who Is Our Neighbor?"

Attending from Cameron were Ann and Billy Knipp, Dwayne Jekel, Charles Baring, Mary Jane Vogelsang, Peggy Hightower, Mrs. Mitchell Chauncy and Johnny Solomon, who is chairman of the Christian Fellowship Committee. Reverend Solomon attended.

Publications Released
Texas Agricultural Experiment Station has released two new publications, B-837, Financing the Dairy System on a Central Blackland Farm and B-838, Guides in Cotton Irrigation on the High Plains.
Both are available from the Agricultural Information Office, College Station, Texas.

News From Clarkson

Mrs. J. A. Blasienz

Mr. and Mrs. Joe Hauk had as guests last weekend, their son and family, Mr. and Mrs. Johnny Joe Hauk and Billy Joe, of Crosby.

Mr. and Mrs. Bruno Kaulfus and daughters, Sandra and Carolyn Jean, of Ft. Worth, visited Mrs. Kaulfus' parents, Mr. and Mrs. Amos Doskocil, and sons, Leonard and Amos Jr., Saturday of last week.

Earl Kleypas and sons, Kenneth and Wesley, of Houston, were weekend guests of Mr. and Mrs. Otto Mayer and family recently.

Mrs. V. D. and Inez had as recent weekend guests Mrs. Joe Fil delfia and children, of Ft. Worth. Mr. and Mrs. Clarence Dodd also of Ft. Worth, visited in the Dodd home and with Mrs. Dodds' mother, Mrs. Murfee Tyson of Maysfield.

Mr. and Mrs. John A. Blasienz, Mrs. Archie Wilson, Mr. and Mrs. Bobby Wheelless and daughter, Suzanne, of Bryan, were Sunday visitors in the J. A. Blasienz home.

Mrs. Hubert Skala, Mrs. Howard Harrison and children, Cynthia and Jerry Lynn, of Marlin and Mrs. Oran Casey and daughters, Alma Jo, and Deanna, of Lott, visited with Mr. and Mrs. Bill Harrison Wednesday. Mrs. Cases baby daughter, Darlene, is spending a few days in the Harrison home.

Edwin Zajicek of Buckholts was a guest of his sister and her husband, Mr. and Mrs. Ed Svoboda, a few days this week.

Grandma Sekel has been ill and confined to her bed this week but is reported able to be up and improving.

Mrs. Henry Senkel and Mrs. Lex Daniel of Buckholts, Mr. and Mrs. Otto Schulz, Jr., of Temple, and Mr. and Mrs. Charlie

Leon Koenig Is KMIL Engineer-Announcer
Leon Max Koenig became Radio Station KMIL engineer-announcer last week.

Koenig lives at 1001 Batte Street in Cameron and returns to Cameron from working with the Loras Service Company of Morgan City, Louisiana where he was a short wave radio engineer.

Vitamin "A" Needed
Feed containing a good source of vitamin A should be provided this winter for cattle on drought-stricken pastures.
Such feeds as cottonseed meal and hulls, sorghum grain, dry sorghum bundles, prairie hay and weathered Johnsongrass hay contain little or none of this vital nutrient vitamin.

INTRODUCING: Howard Kenneth Dermody born to Sgt. and Mrs. L. A. Dermody, Temple, Wednesday, November 14, at 2:55 weighing 7 lbs. 4½ oz.

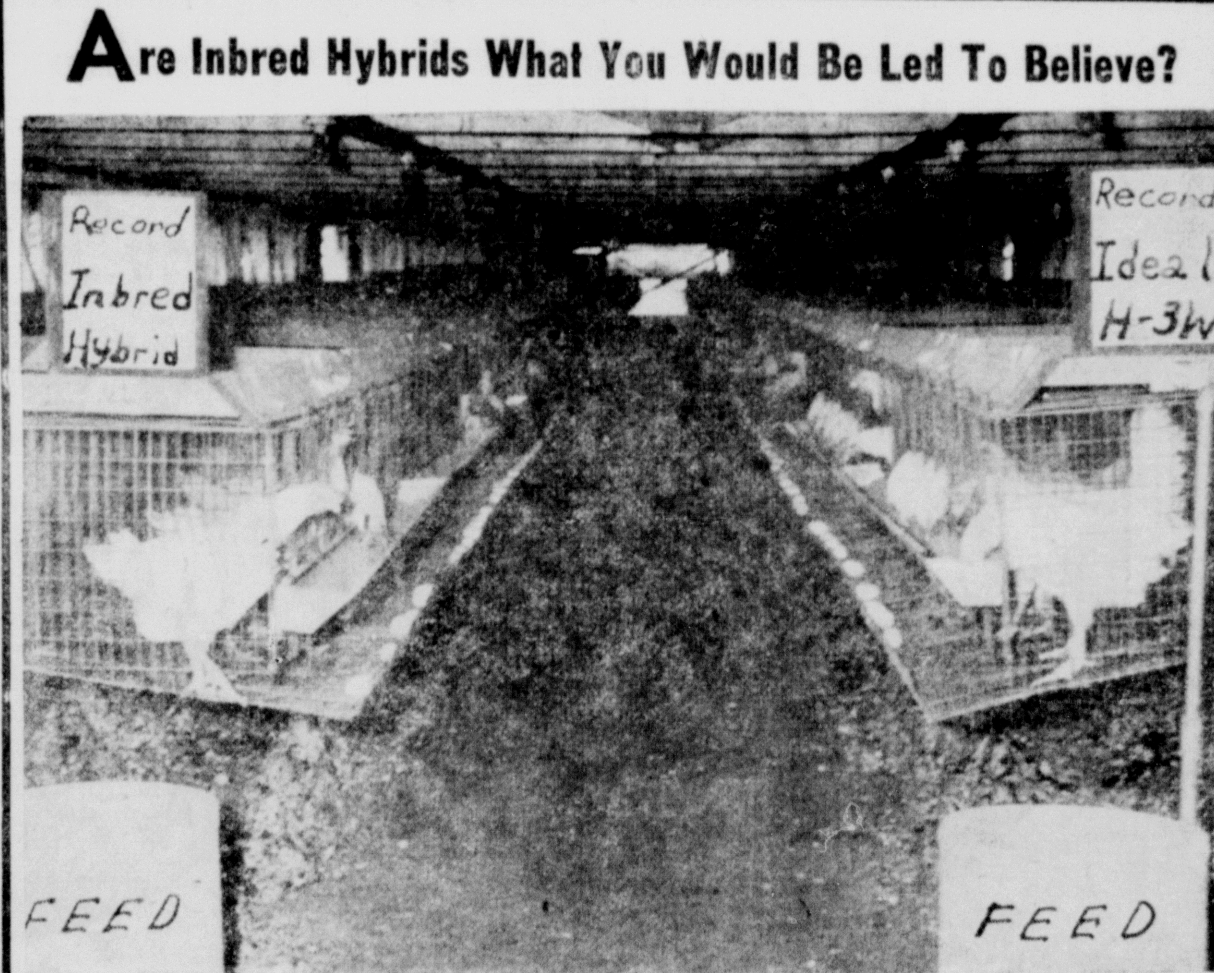

Senkel of Thrall, were recent guests in the Otto Schulz home.

Mrs. Walter Cox and Miss Lena Yoe, of Cameron, were visitors of Mr. and Mrs. J. A. Blasienz, Monday afternoon.

Mr. and Mrs. Otto Schulz visited their son and daughter-in-law Mr. and Mrs. Otto Schulz, Jr., of Temple, recently.

The Good Neighbor Club met in a business session at the Recreation Center Thursday night, November 8. Mrs. Ed Lierman, Mrs. Emil Lanicek and Rosalie Matyastik were named as committee for the social program for the first regular meeting of the club which will be held Tuesday, December 4.

Mrs. Joe Hauk visited relatives at Bryan the past weekend.

Shown Above is an "IDEAL" On The Farm Random Sample Test In Action!

— BELOW IS YOUR PROOF OF THE PROFIT —

The PROFIT per hen shown on the PROOF report below shows that the Ideal Strain Crossed birds made a net profit of 1.09 per hen in a three month period, whereas the inbreds only made .90 cents each — THE IDEAL STRAIN CROSS CHICKS SELL FOR MUCH LESS.

Please Check The Detailed Report Below For — PROOF OF THE PROFIT —

114 Hens in cages — Third-Fourth & Fifth Month of Production August, September, and October 1956 Records

NAME	1 % of Prod.	2 Lbs. Feed	3 Egg Cost	4 Profit Per Hen	5 Egg Size	6 Body Wt.	7 Age Days	8 Mor- tality
Ideal H-3-W No. 1	70.45	3.71	19.01	1.03	23.19	4.27	155	2
Ideal H-3-W No. 2	69.21	3.50	18.29	1.06	23.00	4.10	155	6
Ideal H-3-W No. 3	70.61	3.43	17.92	1.19	22.67	4.05	155	2
Inbred Hybrid No. 1	63.18	3.51	18.33	.89	21.24	3.98	152	7
Inbred Hybrid No. 2	66.74	3.42	17.88	.90	21.80	3.81	156	6
Average	68.04	3.51	18.29	1.01	22.38	4.04	155	5
Ideal Average	70.09	3.55	18.41	1.09	22.95	4.14	155	3.3
Inbred Average	64.96	3.47	18.11	.90	21.52	3.90	154	6.5

Each group has 114 hens in cages—Hatched on January 17, 1956. The H3W birds are the New Ideal Strain Cross White Leghorns. The Inbred Hybrids are two well known inbred lines.
1. Production on 114 pullets entered—Record card for each hen.
2. Pounds of feed includes all feed, grit and shells.
3. Egg Cost—Total cost of feed to produce a dozen eggs.
4. Profit per hen for three months over feed cost. Feed was figured at retail and eggs at their value on a U.S.D.A. Grade.
5. Egg Size—Egg weights were taken each Thursday and Friday of each week.
6. The body weight at first egg in cage.
7. The age at first egg in days.
8. Mortality—This is the hen house mortality from June 8 to Nov. 1.
All birds except the H3W No. 3 are the same age—About 3 hatches were used for them. No culling or selection on the range or at housing time. The first eggs were laid in cages on June 8, 1956.

Brushy Creek District Beneficial

Texas State Board of Engineers last week approved the petition for creation of Brushy Creek Control and Improvement District I. The district is composed of the areas in Milam and Williamson Counties from which the natural drain of water flows into Brushy Creek.

Entering Milam from Williamson County about four miles south of Thorndale, Brushy Creek bisects Highway 79 a few miles east of that city and runs into San Gabriel River about 10 miles north of Rockdale. Streams flowing into Brushy after it crosses the Williamson County line include Dry Brushy, Turkey, Saly and one of the Milam County Pecan Creeks.

This project as planned will cost the Federal Government \$5,500,000. Estimated cost to the district itself is \$150,000.

Benefits from the district improvements will be mainly to those farmers and property owners within the district. Their benefits will include flood control, prevention of erosion, and water supplies for irrigation uses on those farms in the area.

Another great benefit expressed by advocates of the district will be the reclamation of several large tracts of farm land. These tracts are those located in bends of Brushy Creek and between Brushy and San Gabriel River. As described by those persons advocating construction of improvements in the area, this property at present has much erosion and loss of arable possibilities caused either partly or completely by overflow of flood waters across such points of land along these streams.

To some extent, this type of improvement will also be accomplished on "overflow" points of land even along the Little River below where the San Gabriel enters it. One particular point in the vicinity of Cameron where such is expected to be improved by this

Nathan Offield Receives Honors

Cadet Nathan A. Offield, son of Mr. and Mrs. Beuford Offield of Route 1, Cameron, was recently named a distinguished military student in Army ROTC at Texas A&M.

Requirements for this honor are possession of leadership qualities, high moral character and aptitude for military service, academic standing in upper half of class and upper 10 percent in military subjects, recognition as a leader in campus activities and completion of Military Science III.

Offield is a member of B Company, Antiaircraft Artillery in the Corps of Cadets at the college. He is a senior and is majoring in Geology.

O. H. Rice Dies Tuesday, Nov. 13

Funeral services were held at 3 p.m. Thursday, November 15, for O. H. Rice, 53, of Ben Arnold. He died in a local hospital early Tuesday night, November 13, after suffering a heart attack.

Mr. Rice was born March 23, 1903, at Speegleville. He had lived in the Ben Arnold community for 10 years.

Services were held at Marek-Burns Funeral Home with Rev. Gerald Cobb and Rev. R. H. Bailey officiating. Burial was in the Ben Arnold Cemetery.

Survivors include his widow, Mrs. O. H. Rice of Ben Arnold; six sons, James, Howard and Richard Rice, all of Houston, Billy Rice of Pasadena, Robert Rice of the U. S. Navy and Michael Rice of Ben Arnold; three daughters, Mrs. Marbeth Hutson, Mrs. Freda Fatheree, Jr., and Beverly Ann Rice, all of Ben Arnold; five sisters, Mrs. W. W. Mitchell of Houston, Mrs. L. E. Buice of Speegleville, Mrs. Laura Moore of Canyon and Mrs. Bess Short and Mrs. Joe Alexander, both of Waco; two brothers, E. V. Rice of Plainview and B. A. Rice of Weatherford and 15 grandchildren.

Cub Scout Leaders To Attend Basic Training Courses Here

New streamlined basic courses are being presented for all Cub Scout leaders, Den mothers and committeemen in the Heart O' Texas Council District according to Ed Laywell, training chairman.

These courses are divided into two sessions classified as A and B. The courses are to be presented three times, once each in Cameron, Marlin and Rockdale. Cub leaders to gain credit must at-

tend both the A and B sessions. All sessions start at 7:30 p.m. in the respective cities.

"A" session will be held in Cameron at the Presbyterian Church tonight, November 22, while the B session will be held at the same place on Tuesday night, December 4. The two sessions at Rockdale will be held on Tuesday, November 27, and on Thursday, December 6. Both sessions at Marlin have already been held.

Cub leaders are advised to remember that these sessions are replacing the Round Tables for November and December.

Cub leaders are advised to remember that these sessions are replacing the Round Tables for November and December.

Cub leaders are advised to remember that these sessions are replacing the Round Tables for November and December.

Honor Society Taps Ken Harris

Ken Harris, son of Mr. and Mrs. Harry G. Harris of 614 Murray Avenue in Rockdale, has been initiated into Alpha Chi at Southwestern University in Georgetown. Alpha Chi is a national scholarship society.

A junior at the university, Harris was one of 14 students to be accepted into the society at Southwestern. Members of the Texas Alpha chapter are elected from among the top or ranking tenth of the junior and senior classes at the university.

Martha Class Meets

Meeting in the home of Mrs. Gale Jones on November 8, the Martha Class of the First Baptist Church had twelve members present.

Mrs. Carrie Kuehl, a visitor, asked the invocation and Mrs. Marie Franklin held the devotion. Cake, coffee and mixed nuts were served by the tri-hostesses; Mrs. Jones, Mrs. Margie Magness and Mrs. Vivian Ethridge.

INTRODUCING: Judith Ann

Thompson, born Friday, November 9, at St. Edwards Hospital in Cameron to Mr. and Mrs. L. E. Thompson.

Weighing nine pounds and two ounces, Judith Ann is the granddaughter of Mr. and Mrs. J. L. Watterson of Cameron and of Mrs. Addie Thompson of Stafford. She has one sister, 12-year old Patsy, and three brothers, Roy, Lloyd and John Richard.

'New World' Prophets

NEW YORK, N. Y.—Author Aldous Huxley, right, who foretold the coming of the tranquilizing drugs more than 25 years ago in his novel, "Brave New World," chats with Dr. Frank M. Berger, center, Medical Director of Wallace Laboratories, New Brunswick, N.J., who headed the research group that developed the tranquilizer, "Miltown," (meprobamate). Shown at left is Mr. Huxley's brother, Julian, a noted biologist. The occasion was a conference on "Miltown" held by the New York Academy of Sciences. Nearly 600 doctors and guests, one of the largest groups to attend an Academy conference, heard Aldous Huxley discuss the historical and philosophical aspects of tension.

New Here!
New There!
New Everywhere!

Newest Buick Yet

WE'VE introduced a lot of new Buicks to the local scene—but never before one as new as this.

Inside and outside, top to toe, end to end—this is the newest Buick yet.

And it's not just new for newness itself—but new in ways that make driving more comfortable, safer and more fun.

You'll see what we mean when you study these gorgeous new Buicks close up.

They're inches lower and stunningly styled from stem to stern—yet each is wondrously roomy inside.

They bring a wide-eyed new visibility of the road ahead with a rakish windshield that adds hundreds more square inches of glass area.

They're new in ride, with a new contour frame chassis that "nests" your going—giving new roadability with a lower center of gravity—yet road clearance is unchanged.

They're new in handling with a new Buick-developed ball-joint suspension that makes steering and cornering easier while it levelizes braking.

But above and beyond all else—these 1957 Buicks are brand new in performance:

—with a V8 engine that's new from the crankshaft up, to give you the highest power and compression in all Buick annals.

—with an advanced new Variable Pitch Dynaflo* that brings you such instant response, such smoothness, such a full range of fluid motion in "Drive" that the need for "Low" is all but eliminated.

All this covers only the big advances in the 1957 Buick.

There are other wonderful new things—the new safety instrument panel—the new color-mate interiors—the new counterbalanced brake pedals—well over a hundred and fifty new features in all.

As your Buick dealer, we're ready to show you these newest Buicks yet—and how easy you'll find it to call one your own. Stop in and see us this week.

*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.

Invitational Bowling Tournament Opening At Cameron Bowling Alleys

Cameron Bowling Alleys will hold its first bowling tournament November 24 and 25, beginning Saturday at 3:00 p.m. The tournament is open to all bowlers who participate in either the Woman's or Men's winter leagues.

All bowlers must have an established average. Eighty percent handicap will be given based on 200 pins, the bowlers will bowl 6 games and the entrance fee is \$1.05, which will be returned completely to the bowlers as cash awards.

Cameron Alleys will donate \$25.00 prize money, for each 24 bowlers participating. One out of every eight bowlers will go home with a cash prize. The prizes will be \$25.00 for first place, \$15.00

for second place and \$10.00 for third place.

Winners will be determined by total pinfall including the 80 percent handicap. Keglers can enter as many times as they like, but only once in each flight of 24 participants.

See E. Hollas, the alley manager, and sign up now. Time is running short and the vacancies are being filled rapidly.

RULES FOR TOURNAMENT ARE AS FOLLOWS:

1. You must be a regular member of an ABC or WIBC sanctioned league.
2. Sweeper will consist of six games.
3. Starting alleys will be decided by tournament director.
4. If all shifts are not needed the tournament director will make necessary changes and you will be notified of your starting time.
5. There will be absolutely no entries accepted after the closing date other than to fill any cancellations.
6. Any entry will be considered final and will not be returned to bowler under any circumstances.
7. Tournament manager has the right to accept or reject any entry.
8. In case of illness a substitute bowler will be allowed.
9. Out of town bowlers will be given preference.
10. Prize fund will be returned to winners 100 per cent.
11. At least one prize for each eight bowlers.
12. Entries close midnight Friday, November 23, 1956.

Quarterback -

Continued from Page 1
published just as soon as completed.

The group witnessed films of the Yoe-University football game at their Monday night meet. It was apparent to those sideline quarterbacks that the officials which were C. G. White, referee; Charles Saxie, Head Linesman; E. Mamaligo, Field Judge and W. C. Hardesty, were the most consistent officials seen in action in Yoe stadium.

Football -

(Continued from page 1)
ley, they gained possession of the ball on the 44-yard line in Yoe territory on a fumble by Rinn.

Fullback Carl Gatlin on two successive plays carried to the 30 followed with a three yard gain by Arthur Fuentes. Gatlin carried twice more for nine yards and Jurecka on two tries gained the twelve. Two more runs by Gatlin was good for the score. Segrest's kick was again good.

Arthur Marak gave his best performance of the 1956 season with fine broken field running and some good defensive work. His increasing ability on end runs provides Yoe Coach Leo Jackson with a pair of halfbacks destined for much work and ground covering in the La Vega game and throughout the 1957 season.

Dillon's line backing on the defensive was again tops in school-boy football. Other unexcelled defense was provided by Rinn, Johnny Davis, George Zarosky, John Solomon, Raymond Tepera, Paul Hoelscher, Gene Hillman, Monore Bayer, Green and Kenneth Bowley.

Others outfitted for action Friday night were Hubert Marek, Archie Mraz, Jimmy Smalley, Ferrell Angell, ohny R u b a c (who performed exceedingly well), Billie Kostroun and Lee Hollas.

Sharp Cub Scouts Have Weiner Roast On Davis Ranch Friday

Dan and Reed Davis and their parents, Mr. and Mrs. Nelson Davis were hosts Friday afternoon and night to the Sharp Cub Scouts at their ranch home near Sharp.

The boys enjoyed hiking and burning bonfires on the ranch after school. Then Friday night they were joined by some of their parents for a weiner roast which was followed with a coon hunt on the ranch.

A Western Cowboy theme was used in the decorations throughout the house.

Sharp Cub Scouts, which were organized a month ago, have nine active members. They are Henry Abel, Jr., Dan and Reed Davis, Bobby Hosch, Sammy Jacoby, Royce Lawrence, Bobby Kilough, Jimmy Dug Mayfield and Julian Pope with Joe Hosch as Den Chief from the Boy Scouts. Sharp Cub Scouts meet regular-

CAMERON, TEXAS' HERALD, NOVEMBER 22, 1956

Yoe High School Faculty Member Weds In December

Mr. and Mrs. Bruce Evers of December 22 at the First Methodist Church of Cameron.

Texarkana, Arkansas, announce the engagement of their daughter, Barbara, to Richard E. Burke, son of Mr. and Mrs. E. C. Burke of Cameron.

Miss Evers is a graduate of Texarkana College and North Texas State College at Denton and is at present a member of the Yoe High School Faculty.

Mr. Burke attended South West State Teacher's College and is an employee of the Santa Fe Railroad.

The wedding will be an event of each Tuesday from 3:30 to 4:30 p.m.

The new meeting place will be the Veterans Building on the school ground.

Graveside Rites Held For Tumlinson Infant

Graveside services for Frank Louis Tumlinson infant son of Mr. and Mrs. Jack Tumlinson were held Tuesday November 20th in Oak Hill cemetery in Cameron.

Services were conducted by Rev. E. J. Davis, pastor, First Methodist church.

Grandparents are Mr. and Mrs. O. G. Tumlinson of Cameron and Mr. and Mrs. Homer Nabours of Cameron.

O. J. Principal H. K. Harnsberry In Home Moved From Campus

Principal of O. J. Thomas, H. K. Harnsberry has now had the home with five rooms and bath which he purchased on a bid of \$750 from the School system moved off the O. J. Thomas campus and set up on his own lot at 802 North Orchard, next door to the Jerusalem Baptist Church where he preaches every other Sunday.

Harnsberry bought the home recently when it was put up for bid from the school system and is now having the Bob Curry moving company transport the dwelling to his own lot on Orchard.

The principal-preacher is the father of six boys, three of whom are with him now. The boys at home are: Waldo Maurice, 15; Moses Winston, 13; and John Gabriel 6. H. K. Jr., 22, is a mail

carrier in Houston while William Arthur, 19, is a Sam Houston University student in Austin and James Howard, 22, is in the U. S. Air Force.

It is only 18 miles across the English Channel from Dover, England to Calais, France.
